£54,950.00

ADDITIONAL INFORMATION

Style	Semi-Traditional
Berth	2/6
Length	62ft

HULL:

Built by Reeves in 2000 this semi trad boat has good lines an original steel thickness of 10/6/4. Last repainted in 2011 in with a dark blue roof and dark blue panel with cream outline and red coach lines. Last blacked in 2020 and had 4 new anodes.

The front has a covered cratch with cushions and the rear semi trad area has two lockers both with removable cushions and a pram style hood covering. Water tank capacity 422l and diesel tank 195l

Height to Cabin Centre 6ft 4" (1.96m)

BERTHS: 2/6 Berth

FIT OUT :

Finished in oak faced ply and oak hardwood trim all the corners on this boat are curved which give it a modern feel with a polished oak floor. It has an unusual layout with a centre cabin housing the fixed cross double and the rear cabin being a conversion L shaped double along with the saloon also a conversion double.

E&OE

SALOON (12.03ft/3.75m)

The large airy saloon has a Firewarm solid fuel stove 2018 set on a cream hearth with flower design tiles beside it is a set of bookshelves in the opposite site is a corner cupboard and sockets for a TV and a built in radio. The rest of the saloon has an L shaped dinette with demountable tables which have a walnut inlay and are stored against the side .

GALLEY (9ft/2.75m):

The U shaped kitchen has a pull out larder unit as you enter a vanette cooker and grill with separate 4 ring hob, a 240v fridge. Bespoke units with Formica black and blue speckled work top inset with a white round enamel sink and separate drainer. On the main bulkhead is a good sized shelf along with a metal bar for hanging utensils and a magnetic knife bar, opposite the kitchen is a set of die doors with roof hatch.

BEDROOM 1 (9.8ft/3m):

The good sized bedroom houses a cross bed with a cupboard to one side and a shelf on the other with brass reading lights over. There is a low unit to take the foot of the bed with storage and under the main bed area are drawers and lockers, there is a good sized wardrobe with sliding doors which hides the whirlpool combined washer/dryer.

BATHROOM (5.5ft/1.7m):

This walk through bathroom is not conventional in design it has a large shower cubicle with a sliding glass door the walls are lined with black and copper wet wall opposite is a curved vanity unit with sink and heated towel rail, in a separate compartment is vacuflush toilet with separate holding tank with gauge, this clever design means the toilet can be used without blocking up access through the boat.

BEDROOM 2 (8ft/2.44m):

Has steps out of the boat and a cupboard on each side one side houses the electrical panels and switches along with the Victron inverter charger 2KW/80AMP and the other a cupboard and some drawers while set against the bulkhead toward the bow of the boat is an "L" shaped dinette style seating area with the capability to be converted to a double with a desmo leg socket in the floor so a small table can be put in.

ENGINE ROOM & ELECTRICS :

Beta marine BV 19035 with PRM gearbox and standard grease lubricated stern gland, with a landline connection with 1 starter and 3 domestic batteries. Also a Nobels 4HP bow thruster with separate battery. Diesel tank has a gauge on it. Heating is provided by a diesel heater and fin rad and/or the solid fuel stove

OTHER EQUIPMENT: -

2 x 13 kg gas bottles. Mooring Equipment, water hose, anchor.
