HULL:

This exquisite Tug style boat is certainly the top of my wish list, with its long tug bow and elegant lines it is real head turner. The understated exterior has a red roof and grey sides with dark grey panels and grab rails. It has everything you would expect from a tug of this quality, simulated rivets, 5 brass mushroom vents, 3 Houdini hatches & pigeon box, the grey sides have cream coach lines & detective artwork on the side doors painted by Ron Huff.
